

Maitresse Laurence SGB

Chers parents, malheureusement, au vu du contexte sanitaire, le confinement est prolongé.

Je vous propose de visualiser quelques vidéos (pour les parents qui ont internet) avec votre enfant :

- révision pour l'écriture. Ce sont des activités déjà travaillées en classe, c'est un rappel pour les enfants.

La posture :

Activités sur feuille :

Je classe les animaux en fonction de leurs apparences : activité de découpage, collage.

Je mets une croix en fonction du mode de reproduction : il pond des œufs/il ne pond pas d'œuf.

Je compte les coccinelles et j'entoure le bon nombre.

Je me dessine pendant le confinement.

J'entoure ou je colorie les personnages de face. (Rappelez aux enfants ce que veut dire de face).

Pour les boucles et les ponts, faire repasser sur les pointillés. Montrer aux enfants les points de départ.

Les formules magiques des alphas : c'est le premier son du mot qui compte. Le monstre mmm ; le chat chhh ; le robinet rrrrrrrr. Pour les couleurs, vous choisissez ce que vous avez à la maison.

DÉCOUVERTE DU VIVANT : distinguer ranger, trier et classer les êtres vivants.

Classe les vertébrés en 4 familles :

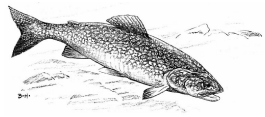

CEUX QUI ONT DES POILS : 

CEUX QUI ONT DES PLUMES :

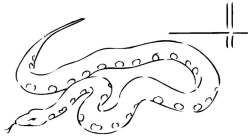

CEUX QUI ONT DES ÉCAILLES : 

CEUX QUI N'ONT RIEN :
